Alternative and Receivables Finance Forum

November 2018, London

www.bcrpub.com

#ARF18

Alternative & Receivables Finance Forum tracks the transformation of receivables and invoice finance; showcasing the most successful new entrants to the market, examining the future of technology-enabled funding models, and driving the conversation on alternative finance for SMEs.

Now in its 5th successful year, BCR's **Alternative & Finance Receivables Forum** has been tracking the revolution in receivables and invoice finance since 2014.

This is a unique gathering, where you can network with established receivables finance providers and 'alternative' SME funders and find out how the competitive landscape for commercial finance is changing.

The comprehensive programme provides insights into the priorities influencing SMEs' financial choices and showcases the latest technology-enabled distribution models.

As an institutional partner of the **Alternative & Receivables Finance Forum** BCR are delighted to offer Association of Alternative Business Finance members a 10% discount on booking in addition to the early bird booking discount which expires on 28th September 2018. Register now at www.bcrpub.com/events using your discount code AABF18.
